Singer Sewing Book Mary Picken, 2010-07 This early work is a fascinating read for sewing enthusiasts and contains much information that is useful and practical today. Its 240 pages are extensively illustrated with diagrams and photographs and 18 full page plates forming a complete how to guide to sewing. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions using the original text and artwork.

Dialogues with the Dead Piers Vitebsky, 1993-08-12 A study of religion, healing and psychology in tribal India, examining the bereavement rituals of the Sora people. *"Air Force Spoken Here"* James Parton, 1986 By one of Baker's wartime aides in cooperation with the Air Force Historical Foundation, this anecdote-rich biography offers new material on the development of American air power and its application during World War II. Baker, an air pioneer, went on to lead the first bombing operations against western Europe, directed the great expansion of the Eighth Air Force in 1943 and commanded the Allied Air Forces in the Mediterranean theater. His postwar career included stints with Hughes Aircraft and McDonnell Douglas, and he gained a reputation as one of the foremost civilian spokesmen for the responsible use of air power. Baker's sterling leadership during the war is at the core of the narrative, along with a running account of his often strained relations with Air Corps chief Hap Arnold, who was not only a mentor but a father figure to Baker.

Parton is founder of the American Heritage publishing company. *Solution-focused Judging Bench Book* Michael King, 2009 Passage Through Indian Civilization, 2002 On the work of Nirmal Kumar Bose, Indian anthropologist, contributed papers presented at a seminar.

The Ethical Sellout Lily Zheng, Inge Hansen, 2019-10-29 We all fear selling out. Yet we all face situations that test our ideals and values with no clear right answer. In a world where compromise is an essential aspect of life, authors Lily Zheng and Inge Hansen make the bold claim that everyone sells out and that the real challenge lies in doing so ethically. Zheng and Hansen share stories from a diversity of people who have found their own answers to this dilemma and offer new ways to think about marginalization, privilege and self-interest. From these stories, they pull out teachable skills for taking the step from selling out to selling out ethically. *The Ethical Sellout* is for all those committed to maintaining their integrity in a messy world.
