## **Singer Industrial Manuals:**

Singer Sewing Book Mary Picken, 2010-07 This early work is a fascinating read for sewing enthusiasts and contains much information that is useful and practical today. Its 240 pages are extensively illustrated with diagrams and photographs and 18 full page plates forming a complete how to guide to sewing. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions using the original text and artwork. *Moody's Manual of Industrial and Miscellaneous Securities*, 1914 *Moody's Industrial Manual*, 1919 **Reader's Digest Complete Guide to Sewing** Reader's Digest Association, 1999 **Singer's Manual: First principles** Norma Jean Chadbourne, E.
