Singer Instructions for Art Embroidery and Lace Work ,1941 Singer Instructions for Art Embroidery and Lace Singer Instructions for Art Embroidery and Lace Work Singer Sewing Machine Company Work ,1941 Singer Instructions for Art Embroidery and Lace Work Jules Kliot, 1987-06-01 Staff, 1989-10-01 Instructions for Art Embroidery and Lace Work Singer Sewing Machine Company, 1941 Presents over one hundred lessons in machine embroidery techniques ranging from cording and openwork to lace and beadwork using a straight stitch Singer Instructions for Art Embroidery Singer Sewing Machine Company, 2015-06-02 Excerpt from Singer machine Instructions for Art Embroidery In using the Singer Sewing Machine for lace making and embroidery there are some very important rules that must be followed by all who desire to learn how to do this most fascinating work The most important thing is to be able easily and naturally to exercise an independent movement of the feet and the hands The feet must be trained to start stop and operate the machine very slowly by means of the treadle without any help from the hands This leaves both hands free for manipulating the embroidery hoops holding the work The first impulse of a beginner is to move the feet in unison with the hands as a consequence short stitches are formed and often several stitches in the same place The fundamental rule is Move the feet slowly and the hands rapidly This is the hardest thing to acquire and you will need to remember it constantly at first With practice however it will become easy and natural and you will be able absolutely to control by means of the treadle alone every movement of the needle In connection with this treadle movement the secret of successful machine embroider is to know how to control with accuracy the movement of the embroidery hoops between stitches gauging the distance to the next point where the needle should penetrate to produce the stitch desired To prepare the machine To prepare the machine remove the presser foot and raise the presser foot bar Then push the screw regulating the stitch as high as it will go so as to stop the feed See that the tensions are adjusted so that a perfect stitch will be made upon such materials and with the same silk that you intend to use for the embroidery work While not essential it is suggested that the feed and the throat plate be covered with a plate made for the purpose using No 32589 for Machine No 66 1 No 8335 for Machine No 27 4 No 15259 for Machine No 15 30 and No 208733 for Machine No 9W These cover plates can be obtained by mail or otherwise from any Singer shop Do not remove the throat plate nor disturb the feed dog because it is essential that its position should remain as originally fixed whenever the machine is used for family sewing Place a small iron washer or a spool weight on the spool to retard the movement of the upper thread A spool weight No 9537 can be obtained at any Singer shop Preparation of hoops and placing material therein Take the two hoops constituting the embroidery frame and wind them with narrow strips of white muslin covering them diagonally with one or more layers of the cloth according to the thickness of the material on which the embroidery is to be done as this must be held stretched firmly between the hoops Figure 1 To put the material in the hoops stretch it smoothly over the larger hoop then press the smaller hoop firmly down

into the larger one If the material be not firmly and smoothly stretched over the frame tighten it as shown in Fig 1 being very careful not to stretch it on the bias but to pull it with the thread of the goods doing the work slowly and carefully If the material be so delicate that it is liable to be injured by the hoops notwithstanding the muslin padding place tissue paper or cotton between them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com Lace Crafts Quarterly ,1987 Battenberg Lace Pattern Book Jules Kliot, Kaethe **Hedonizing Technologies** Rachel Maines, 2009-06-09 The book addresses basic issues in the history of labor Kliot.1996 and industry and makes an original contribution to the discussion of how technology and people interact Crochet Edgings & Insertions from Early 20th Century Sources Eliza Aldrich Brown Taylor, Belle Robinson, 1996 **Crafting with Lace** Joyce Elizabeth Cusick, 1995 Kniplinger og blonder anvendt til bekl dning og tilbeh r Student's Manual of Machine Sewina Singer Sewing Machine Company, 1941 Crazy Quilts by Machine J.
