Sinisterism Secular Religion Of The Lie Revised And Updated Edition:

Sinisterism Bruce Walker, Bruce Walker, Etc, 2013-02 The evil of Sinisterism the Secular Religion of the Lie is incompatible with the Judeo Christian moral and philosophical system One consequence of this is that Sinisterists try to persuade us that history shows the wrongness of Judeo Christianity In fact real history which is often covered by layers of Sinisterist defamation shows precisely the opposite Bolshevik Sinisterism for example warred against Jews just as Nazi Sinisterism warred against Christianity Ultimately in this world we are offered a number of false gods and goddesses prosperity health science and the like but embracing these leads eventually to the surrender of our world to some incarnation of Sinisterism

A Century of Horrors Alain Besancon, 2018-05-15 The twentieth century bears the indelible imprint of both communism and Nazism Today it sometimes seems as if the former is all but forgotten at least among Western elites while our cultural memory of the latter is an inextinguishable fire This inequality is surprising and calls out for explanation a task the French political thinker Alain Besancon attempts here in a wise and elegant meditation In examining the horror and destruction caused by both of these terrible ideologies Besancon finds that recourse to theology is necessary if we are to achieve even feeble illumination He also explains why even with the full knowledge of the extent of communism's crimes the uniqueness of the Shoah ought to be accepted without reservation

The Changing Face of Antisemitism Walter Laqueur, 2006 Presenting a history of anti semitism this book traces its evolution from the religious anti semitism of the middle ages to a racial anti semitism that developed in the 19th and 20th centuries It explains its origins and rationale how it manifests itself the different forms of anti semitism and what forms it may take

Intellectual Impostures Jean Bricmont, Alan Sokal, 2011-05-26 When Intellectual Impostures was published in France it sent shock waves through the Left Bank establishment When it was published in Britain it provoked impassioned debate Sokal and Bricmont examine the canon of French postmodernists Lacan Kristeva Baudrillard Irigaray Latour Virilio Deleuze and Guattari and systematically expose their abuse of science This edition contains a new preface analysing the reactions to the book and answering some of the attacks
