Davis,2016-03-25

This book is written for college students and focuses on qualitative research Reading about a problem may be good a literature review but learning how to investigate the problem yourself is better Research is a systematic process of collecting analyzing and interpreting information in order to better understand the subject of study All research involves theory data collection and attempts to solve a problem by answering a question A quantitative research study indicates how variables are numerically related and may be used to determine the method of operandi and to make predictions based on confidence levels however a qualitative study indicates why variables are related and may be used to determine motives In either case

by manipulating the independent variables the dependent variables may be effectively managed This book presents information on qualitative research and provides a comprehensive qualitative research study     Responding to Domestic Violence Eve S Buzawa,Eva Schlesinger Buzawa,Carl G Buzawa,Evan Stark,2012 This new edition of the authors best selling text explores the response to domestic violence today not only by the criminal justice system but also by social service and health care agencies After providing a brief theoretical overview of the causes of domestic violence and its prevalence in our society and its causes the authors cover such key topics as barriers to intervention variations in arrest practices the role of state and federal legislation and case prosecution Focusing on both victims and offenders the book includes unique chapters on models for judicial intervention domestic violence and health and children and domestic violence     **A History of Sin** John Portmann,2007 In this book Portmann argues that especially since 9 11 the reality of sin has made a strong comeback Even liberal Christians such as Bishop Sprong have to take the pervasiveness of personal evil doing seriously The book starts off in the present and then loops back into the past to outline the key moments in the history of sin from the Ancient Greeks and Israelites through Jesus and Paul to Augustine and Dante and then back to the present day     *Peaceful Families* Juliane Hammer,2019-09-03 In *Peaceful Families* Hammer chronicles and examines the efforts stories arguments and strategies of individuals and organizations doing Muslim anti domestic violence work in the U S     **Spousal Violence Among World Christians** Elizabeth Koepping,2020-10-01 This book takes a global approach to violence between husbands and wives in faith contexts Focusing primarily on Christians the book uses anthropological theological and historical methods which intersect with and are challenged by lay and ordained women and men from sixteen countries Focusing on marital violence the book explores ways to understand how various churches their priests preachers theologians and members approach the topic interpret the texts and with often thoughtless complicity hide from the sin Drawing on over a decade researching marital violence in Christian contexts across five continents Elizabeth Koepping an anthropologist and priest presents testimonies from abused women as well as theological and cultural justifications for spousal abuse employed by perpetrators and bystanders She argues that if violence against the female spouse is understood as proper behaviour by manly men towards unruly wives Christians may set aside the core text Men and women are made in the Image of God enabling and silently colluding in abuse The book shows that spousal abuse is an ecumenical phenomenon present all over the inhabited world and therefore in all Christian churches and indeed other faith traditions     *Religion, Gender, and Family Violence* Catherine Holtmann,Nancy Nason-Clark,2018-06-26 The chapters of *Religion Gender and Family Violence When Prayers Are Not Enough* have been written from multiple disciplinary perspectives sociology religious studies law and based on research within diverse religious traditions including Christianity Islam and Judaism as well as new religious movements Similarities and differences between traditions are highlighted based on empirical research which shows how people actually deal with family violence in different contexts This book also addresses some of the larger historical and political backgrounds that

Gender, Orientalism and the Jewish Nation Lynne M. Swarts, 2020-01-23 Ephraim Moses Lilien 1874 1925 was one of the most important Jewish artists of modern times As a successful illustrator photographer painter and printer he became the first major Zionist artist Surprisingly there has been little in depth scholarly research and analysis of Lilien s work available in English making this book an important contribution to historical and art historical scholarship Concentrating mainly on his illustrations for journals and books Lynne Swarts acknowledges the importance of Lilien s groundbreaking male iconography in Zionist art but is the first to examine Lilien s complex and nuanced depiction of women which comprised a major dimension of his work Lilien s female images offer a compelling glimpse of an alternate independent and often sexually liberated modern Jewish woman a portrayal that often eluded the Zionist imagination Using an interdisciplinary approach to integrate intellectual and cultural history with issues of gender Jewish history and visual culture Swarts also explores the important fin de si cle tensions between European and Oriental expressions of Jewish femininity The work demonstrates that Lilien was not a minor figure in the European art scene but a major figure whose work needs re reading in light of his cosmopolitan and national artistic genius

**Sourcebook on Violence Against Women** Claire M. Renzetti, Jeffrey L. Edleson, Raquel Kennedy Bergen, 2011 Jonathan Letterman was an outpost medical officer serving in Indian country in the years before the Civil War responsible for the care of just hundreds of men But when he was appointed the chief medical officer for the Army of the Potomac he revolutionized combat medicine over the course of four major battles Antietam Fredericksburg Chancellorsville and Gettysburg that produced unprecedented

numbers of casualties He made battlefield survival possible by creating the first organized ambulance corps and a more effective field hospital system He imposed medical professionalism on a chaotic battlefield Where before 20 percent of the men were unfit to fight because of disease squalid conditions and poor nutrition he improved health and combat readiness by pioneering hygiene and diet standards Based on original research and with stirring accounts of battle and the struggle to invent and supply adequate care during impossible conditions this new biography recounts Letterman s life from his small town Pennsylvania beginnings to his trailblazing wartime years and his subsequent life as a wildcatter and the medical examiner of San Francisco At last here is the missing portrait of a key figure of Civil War history and military medicine His principles of battlefield care continue to be taught to military commanders and first responders      **Journeys** Prof. Susan L. Miller,2018-04-20 More than one in three women in the United States has experienced rape physical violence or stalking by an intimate partner in their lifetime Luckily many are able to escape this life but what happens to them after Journeys focuses on the desperately understudied topic of the resiliency of long term over 5 years survivors of intimate partner violence and abuse Drawing on participant observation research and interviews with women years after the end of their abusive relationships author Susan L Miller shares these women s trials and tribulations and expounds on the factors that facilitated these women s success in gaining inner strength personal efficacy and transformation Written for researchers practitioners students and policy makers in criminal justice sociology and social services Journeys shares stories that hope to inspire other victims and survivors while illuminating the different paths to resiliency and growth      *Battle Cries* Hillary Potter,2008-11-01 Contrary to the stereotype of the strong Black woman African American women are more plagued by domestic violence than any other racial group in the United States In fact African American women experience intimate partner violence at a rate 35% higher than white women and about two and a half times more than women of other races and ethnicities This common portrayal can hinder black women seeking help and support simply because those on the outside don t think help is needed Yet as Hillary Potter argues in *Battle Cries Black Women and Intimate Partner Abuse* this stereotype often helps these African American women to resist and to verbally and physically retaliate against their abusers Thanks to this generalization Potter observes black women are less inclined to label themselves as victims and more inclined to fight back *Battle Cries* is an eye opening examination of African American women s experiences with intimate partner abuse the methods used to contend with abusive mates and the immediate and enduring consequences resulting from the maltreatment Based on intensive interviews with 40 African American women abused by their male partners Potter s analysis takes into account variations in their experiences based on socioeconomic class education level and age and discusses the common abuses and perceptions they share Combining her remarkable findings with black feminist thought and critical race theory Potter offers a unique and significant window through which we can better understand this understudied though rampant social problem      **Religion and Men's Violence Against Women** Andy J. Nelson,2011-05-26 Christianity concerns itself with salvation But salvation implies something from which one must be saved as reconciliation implies an estrangement and redemption a loss The classical theological symbol naming the problem to which salvation is the solution is sin Interpreting the meaning of sin however has become difficult for two reasons sin has become a taboo subject in popular discourse and has acquired an extremely broad meaning in recent theology Sin A Guide for the Perplexed is intended as a mid level comprehensive

introduction to the notion of sin and its significance for Christian theology Nelson situates and interprets biblical material on sin and then offers a lucid history of the doctrine He elucidates Augustine s conception of original sin and defends it against its many caricatures Special attention is paid to sin as an ordinary yet highly interruptive phenomenon in the lives of individuals This is supplemented by a careful look at the non individualistic dimensions of sin and an appreciation of how sin relates to other key theological commitments     [Index to Jewish Periodicals](#) ,2005 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests
