Monuments to the Lost Cause Cynthia Mills, Cynthia J. Mills, Pamela Hemenway Simpson, 2003 This richly illustrated collection of fourteen essays examines the ways in which Confederate memorials from Monument Avenue to Stone Mountain and the public rituals surrounding them testify to the tenets of the Lost Cause a romanticized narrative of the war Several essays highlight the creative leading role played by women's groups in memorialization while others explore the alternative ways in which people outside white southern culture wrote their very different histories on the southern landscape The authors who include Richard Guy Wilson Catherine W Bishir W Fitzhugh Brundage and William M S Ramussen trace the origins objectives and changing consequences of Confederate monuments over time and the dynamics of individuals and organizations that sponsored them Thus these essays extend the growing literature on the rhetoric of the Lost Cause by shifting the focus to the realm of the visual They are especially relevant in the present day when Confederate symbols and monuments continue to play a central role in a public and often emotionally charged debate about how the South's past should be remembered The editors Art Historian Cynthia Mills a specialist in nineteenth century public sculpture is executive editor of *American Art* the scholarly journal of the Smithsonian American Art Museum Pamela H Simpson is the Ernest Williams II Professor of Art History at Washington and Lee University She is the coauthor of *The Architecture of Historic Lexington*

Parker, 2018-11-09 This book critically situates the figure of the black female vampire in several fields of study including literary studies cultural studies gender studies and critical race studies Black female vampires continue to

appear as important literary devices and revealing indicators of cultural attitudes and trends about African American women's bodies. This book examines five novels written by four African American women writers to investigate what it means to represent African American womanhood through the lens of vampirism, interrogate how these representations connect to or stem from historical representations of African American women, and explore how representations of black female vampires in African American women's literature simultaneously negate, reinforce, or dismantle stereotypes of African American women.

*Me and White Supremacy* Layla F. Saad, 2020-01-28 The New York Times and USA Today bestseller. This eye-opening book challenges you to do the essential work of unpacking your biases and helps white people take action and dismantle the privilege within themselves so that you can stop often unconsciously inflicting damage on people of color and in turn help other white people do better too. Layla Saad is one of the most important and valuable teachers we have right now on the subject of white supremacy and racial injustice. New York Times bestselling author Elizabeth Gilbert. Based on the viral Instagram challenge that captivated participants worldwide, *Me and White Supremacy* takes readers on a 28-day journey complete with journal prompts to do the necessary and vital work that can ultimately lead to improving race relations. Updated and expanded from the original workbook downloaded by nearly 100,000 people, this critical text helps you take the work deeper by adding more historical and cultural contexts, sharing moving stories and anecdotes, and including expanded definitions, examples, and further resources giving you the language to understand racism and to dismantle your own biases, whether you are using the book on your own with a book club or looking to start family activism in your own home. This book will walk you step by step through the work of examining: Examining your own white privilege, What allyship really means, Anti-blackness, racial stereotypes, and cultural appropriation, Changing the way that you view and respond to race, How to continue the work to create social change. Awareness leads to action and action leads to change. For readers of *White Fragility*, *White Rage*, *So You Want To Talk About Race*, *The New Jim Crow*, *How to Be an Anti-Racist*, and more who are ready to closely examine their own beliefs and biases and do the work it will take to create social change, Layla Saad moves her readers from their heads into their hearts and ultimately into their practice. We won't end white supremacy through an intellectual understanding alone; we must put that understanding into action. Robin DiAngelo, author of New York Times bestseller *White Fragility*. *The Rhetoric of Heroic Expectations* Justin S. Vaughn, Jennifer Mercieca, 2014-01-30. Campaign rhetoric helps candidates to get elected, but its effects last well beyond the counting of the ballots; this was perhaps never truer than in Barack Obama's 2008 campaign. Did Obama create such high expectations that they actually hindered his ability to enact his agenda? Should we judge his performance by the scale of the expectations his rhetoric generated, or against some other standard? *The Rhetoric of Heroic Expectations: Establishing the Obama Presidency* grapples with these and other important questions. Barack Obama's election seemed to many to fulfill Martin Luther King Jr.'s vision of the long arc of the moral universe bending toward justice. And after the terrorism war and economic downturn of the previous decade, candidate

Obama's rhetoric cast broad visions of a change in the direction of American life. In these and other ways the election of 2008 presented an especially strong example of creating expectations that would shape the public's views of the incoming administration. The public's high expectations in turn become a part of any president's burden upon assuming office. The interdisciplinary scholars who have contributed to this volume focus their analysis upon three kinds of presidential burdens: institutional burdens specific to the office of the presidency; contextual burdens specific to the historical moment within which the president assumes office; and personal burdens specific to the individual who becomes president.
