Menus: Background, History and Trends

What is a Menu?

The dictionary definition has the word menu as a "list of food" or a list of dishes served at meals. However, there are other purposes. It is an ideal tool in the following areas:

- ↓ **communication:** by advertising exactly what an establishment can offer its customers, as well as assisting the staff preparing the food
- ↓ **selling:** by enticing a customer to buy a particular dish
- ↓ **advertising:** through the development of a reputation for culinary specialties and/or quality
- ↓ **public relations:** creating a focus on the establishment as well as an awareness in the minds of customers, e.g. a customer may encourage his/her friends to visit a particular establishment because he/she has heard that "the seafood is always fresh!"
