**You Can't Be Serious** Kal Penn, 2021-11-02 The star of the Harold and Kumar franchise House and Designated Survivor recounts why he rejected the advice of his aunts and guidance counselors and instead of becoming a doctor or something practical embarked on a surprising journey that has included confronting racism in Hollywood meeting his future husband and working in the Obama administration in this incredibly joyful and insightful Kiefer Sutherland memoir *You Can't Be Serious* is a series of funny consequential awkward and ridiculous stories from Kal Penn's idiosyncratic life It's about being the grandson of Gandhian freedom fighters and the son of immigrant parents people who came to this country with very little and went very far and whose vision of the American dream probably never included

their son sliding off an oiled up naked woman in the raunchy Ryan Reynolds movie Van Wilder or getting a phone call from Air Force One as Kal flew with the country's first Black president. By turns hilarious, poignant and inspiring, David Axelrod, New York Times bestselling author, Kal reflects on the most exasperating and rewarding moments from his journey so far. He pulls back the curtain on the nuances of opportunity and racism in the entertainment industry and recounts how he built allies, found encouragement and dealt with early reminders that he might never fit in. He describes his initially unpromising first date with his now fiancé Josh involving an 18 pack of Coors Light and an afternoon of watching NASCAR. And of course he reveals how, after a decade and a half of fighting for and enjoying successes in Hollywood, he made the terrifying but rewarding decision to take a sabbatical from a fulfilling acting career for an opportunity to serve his country as an Obama White House aide. Above all, *You Can't Be Serious* shows that everyone can have more than one life story. The book is insightful, funny and instructive for anyone who's ever grappled with how they fit into the American dream.

**Ronan Farrow**, New York Times bestselling author, demonstrates that no matter who you are and where you come from, you have many more choices than those presented to you. And okay, yes, it's also about how Kal accidentally and very stupidly accepted an invitation to take the entire White House Office of Public Engagement to a strip club because, let's be honest, that's the kind of stuff you really want to hear about.

*Under a Painted Sky*, Stacey Heather Lee, 2015. In 1845, Sammy, a Chinese American girl, and Annamae, an African American slave girl, disguise themselves as boys and travel on the Oregon Trail to California from Missouri.

**Theology and Horror**, Brandon R. Grafton, John W. Morehead, 2021-03-02. Scholars of religion have begun to explore horror and the monstrous not only within the confines of the biblical text or the traditions of religion but also as they proliferate into popular culture. This exploration emerges from what has long been present in horror: an engagement with the same questions that animate religious thought—questions about the nature of the divine, humanity's place in the universe, the distribution of justice and what it means to live a good life among many others. Such exploration often involves a theological conversation. *Theology and Horror: Explorations of the Dark Religious Imagination* pursues questions regarding non-physical realities, spaces where both divinity and horror dwell. Through an exploration of theology and horror, the contributors explore how questions of spirituality, divinity and religious structures are raised, complicated and even sometimes answered at least partially by works of horror.
