**Sociological Theory Beyond the Canon** Syed Farid Alatas, Vineeta Sinha, 2017-05-27 This book expands the sociological canon by introducing non Western and female voices and subjects the existing canon itself to critique Including chapters on both the founding fathers of sociology and neglected thinkers it highlights the biases of Eurocentrism and androcentrism while also offering much needed correctives to them The authors challenge a dominant account of the development of sociological theory which would have us believe that it was only Western European and later North American white males in the nineteenth and early twentieth century who thought in a creative and systematic manner about the origins and nature of the emerging modernity of their time This integrated and contextualised account seeks to restructure the ways in which we theorise the emergence of the classical sociological canon This book's global scope fills a significant lacuna and provides a unique teaching resource to students of classical sociological theory

**Roles and Rituals for Hindu Women** Julia Leslie, 1992 The considerable interest currently being expressed in women and religion has thrown down an important challenge the need to see women not merely as the passive victims of an oppressive ideology but also perhaps primarily as the active agents of their own positive constructs This book therefore aims to fill a notable gap in the literature Twelve contributors study the role of women in Hindu religion by examining textual studies of the part played by women in a variety of religion rituals both past and present by exploring the socio religious context of their various communities and by using specialist material to draw on cross cultural conclusions

for a post religious age the Cathars of 13th century France the Bulgars of 9th century Balkans and the prophet Mani s revision of Zarathustra s message in the later Persian empire Paul Kriwaczek then explores the religion of Mithras before going back past Alexander the Great s destruction of the Persian Empire and the era of the great Persian kings Cyrus and Darius in the 6th century BC to the beginning of the first pre Christian millennium      **Dalit Movement in South India (1857-1950)** ,2019
