Sindh, Past Glory, Present Nostalgia Pratapaditya Pal, 2008 It is one of the first books to look at the heritage of Sindh through the eyes of scholars from both India and Pakistan Reading Śiva Ellen Raven, Gerda Theuns-de Boer, 2021-12-20 Reading śiva is an illustrated bibliography on the Hindu god śiva in the arts crafts coins seals and inscriptions from South and Southeast Asia It results from a century of ABIA bibliographic work and covers over 1500 academic publications since 1672 This scholarly and multi disciplinary volume offers keyword indexed annotations The detailed indices on authors geographic terms and subjects enable an easy search through the data Links with the entries to resource repositories such as JSTOR Pers e Project MUSE Academia edu ResearchGate and the Internet Archive and links added to the sumptuous illustrations immediately take you to these resource sites *The Routledge Handbook of Indian Buddhist Philosophy* William

Edelglass, Pierre-Julien Harter, Sara McClintock, 2022-08-15 The Routledge Handbook of Indian Buddhist Philosophy is the first scholarly reference volume to highlight the diversity and individuality of a large number of the most influential philosophers to have contributed to the evolution of Buddhist thought in India By placing the author at the center of inquiry the volume highlights the often unrecognized innovation and multiplicity of India s Buddhist thinkers whose unique contributions are commonly subsumed in more general doctrinal presentations of philosophical schools Here instead the reader is invited to explore the works and ideas of India s most important Buddhist philosophers in a manner that takes seriously the weight of their philosophical thought The forty chapters by an international and interdisciplinary team of renowned contributors each seek to offer both a wide ranging overview and a philosophically astute reading of the works of the most seminal Indian Buddhist authors from the earliest writings to the twentieth century The volume thus also provides thorough coverage of all the main figures texts traditions and debates animating Indian Buddhist thought and as such can serve as an in depth introduction to Buddhist philosophy in India for those new to the field Essential reading for students and researchers in Asian and comparative philosophy The Routledge Handbook of Indian Buddhist Philosophy is also an excellent resource for specialists in Buddhist philosophy as well as for contemporary philosophers interested in learning about the rigorous and rich traditions of Buddhist philosophy in India **Encyclopedia of Stateless Nations** James B.

Minahan, 2016-08-01 This book addresses the numerous national movements of ethnic groups around the world seeking independence more self rule or autonomy movements that have proliferated exponentially in the 21st century In the last 15 years globalization religious radicalization economic changes endangered cultures and languages cultural suppression racial tensions and many other factors have stimulated the emergence of autonomy and independence movements in every corner of the world even in areas formerly considered immune to self government demands such as South America Researching the numerous ethnic groups seeking autonomy or independence worldwide previously required referencing many specialized publications This book makes this difficult to find information available in a single volume presented in a simple format

accessible to everyone from high school readers to scholars in advanced studies programs The book provides an extensive update to Greenwood's Encyclopedia of the Stateless Nations Ethnic and National Groups around the World that was published more than a decade earlier Each ethnic group receives an alphabetically organized entry containing information such as alternate names population figures flag or flags geography history culture and languages All the information readers need to understand the motivating factors behind each movement and the current situation of each ethnic group is presented in a compact summary Fact boxes at the beginning of each entry enable students to quickly access key information and consistent entry structure makes for easy cross cultural comparisons

A Comparative Study of Batik and Kalamkari Paintings- With special reference to Telangana and Andhra Pradesh Dr. Priti Samyukta, The Global Connections of Gandhāran Art Wannaporn Rienjang, Peter Stewart, 2020-09-02 Gandhāran art is often regarded as the epitome of cultural exchange in antiquity The ancient region of Gandhāra centred on what is now the northern tip of Pakistan has been called the crossroads of Asia The Buddhist art produced in and around this area in the first few centuries AD exhibits extraordinary connections with other traditions across Asia and as far as the Mediterranean Since the nineteenth century the Graeco-Roman associations of Gandhāran art have attracted particular attention Classically educated soldiers and administrators of that era were astonished by the uncanny resemblance of many works of Gandhāran sculpture to Greek and Roman art made thousands of miles to the west More than a century later we can recognize that the Gandhāran artists' appropriation of classical iconography and styles was diverse and extensive but the explanation of this influence remains puzzling and elusive The Gandhāra Connections project at the University of Oxford's Classical Art Research Centre was initiated principally to cast new light on this old problem This volume is the third set of proceedings of the project's annual workshop and the first to address directly the question of cross cultural influence on and by Gandhāran art The contributors wrestle with old controversies particularly the notion that Gandhāran art is a legacy of Hellenistic Greek rule in Central Asia and the growing consensus around the important role of the Roman Empire in shaping it But they also seek to present a more complex and expansive view of the networks in which Gandhāra was embedded Adopting a global perspective on the subject they examine aspects of Gandhāra's connections both within and beyond South Asia and Central Asia including the profound influence which Gandhāran art itself had on the development of Buddhist art in China and India

Negotiating Cultural Identity Himanshu Prabha Ray, 2019-06-26 This volume breaks new ground by conceptualizing physical landscapes as living cultural bodies It redefines dynamic cultural landscapes as catalysts in which the natural world and human practice are inextricably linked and are constantly interacting Drawing on research by eminent archaeologists numismatists and historians the essays in this volume Provide insights into the ways people in the past and in the present imbue places with meanings Examine the social and cultural construction of space in the early medieval period in South Asia Trace complex patterns of historical development of a temple or a town to understand ways in which such spaces often become a means of constructing the

collective past and social traditions With a new chapter on continuity and change in the sacred landscape of the Buddhist site at Udayagiri the second edition of *Negotiating Cultural Identity* will be of immense interest to scholars and researchers of archaeology social history cultural studies art history and anthropology **Architectural Conservation in Asia** John H. Stubbs, Robert G. Thomson, 2016-11-10 At a time when organized heritage protection in Asia is developing at a rapid pace *Architectural Conservation in Asia* provides the first comprehensive overview of architectural conservation practice from Afghanistan to the Philippines The country by country analysis adopted by the book draws out local insights experiences best practice and solutions for effective cultural heritage management that will inform study and practice both in Asia and beyond Whereas architectural conservation in much of the Western world has been extensively documented this book brings together coverage of many regions where architectural conservation has been understudied Following on from the highly influential companion volumes on global architectural conservation and architectural conservation in Europe and the Americas with this book the authors extend their pioneering global examination to the dynamic and evolving field of architectural conservation in Asia Throughout the book the authors and regional experts provide local case studies and profile topics that bring depth and insight to this ambitious study As architectural conservation becomes increasingly global in practice this book will be of considerable assistance to architectural conservation practitioners site managers and students of architecture planning archaeology and heritage studies worldwide **The Herald** ,2009 **Last King in India** Rosie Llewellyn-Jones, 2014-01-09 The *Last King in India* is the story of an extraordinary man whose memory still divides opinion sharply today Was he as the British described him a debauched ruler who spent his time with fiddlers eunuchs and women instead of running the kingdom Or as most Indians believe a gifted poet whose works are still quoted today and who was robbed of his throne by the East India Company Somewhere in between the two extremes lies a complex character a man who married over 350 women directed theatrical events lasting a month and built a fairytale palace in Lucknow Wajid Ali Shah was written out of the history books after his kingdom was annexed in 1856 Some even thought he had been killed during the mutiny the following year But he lived on in Calcutta where he spent the last thirty years of his life trying to recreate his lost paradise He remained a constant problem for the government of India with his extravagance his menagerie and his wives in that order For the first time his story is told here using original documents from Indian and British archives and meetings with his descendants **Arts of Asia** ,2009 **Buddhist Architecture** Huu Phuoc Le, 2010 The volume thoroughly examines the origins and principal types of Buddhist architecture in Asia primarily between the third century BCE twelfth century CE with an emphasis on India It aims to construct shared architectural traits and patterns alongwith the derivative relationships between Indian and Asian Buddhist monuments It also discusses the historical antecedents in the Indus Civilization and the religious and philosophical foundations of the three schools of Buddhism and its founder Buddha Previously obscure topics such as Aniconic and Vajrayana Tantric architecture and the four holiest sites of Buddhism will also

be covered in this comprehensive volume The author further investigates the influences of Buddhist architecture upon Islamic Christian and Hindu architecture that have been overlooked by past scholars *Education about Asia* ,2008 **The Last King in India** Rosie Llewellyn-Jones,2014-06-25 The thousands of mourners who lined Wajid Ali Shah s funeral route on 21 September 1887 with their loud wailing and shouted prayers were not only marking the passing of the last king but also the passing of an intangible connection to old India before the Europeans came This is the story of a man whose memory continues to divide opinion today Was Wajid Ali Shah as the British believed a debauched ruler who spent his time with fiddlers eunuchs and fairies when he should have been running his kingdom Or as a few Indians remember him a talented poet whose songs are still sung today and who was robbed of his throne by the English East India Company Somewhere between these two extremes lies a gifted but difficult character a man who married more women than there are days in the year who directed theatrical extravaganzas that took over a month to perform and who built a fairytale palace in Lucknow which was inhabited for less than a decade He remained a constant thorn in the side of the ruling British government with his extravagance his menagerie and his wives Even so there was something rather heroic about a man who refused to bow to changing times and who single handedly endeavoured to preserve the etiquette and customs of the great Mughals well into the period of the British Raj India s last king Wajid Ali Shah was written out of the history books when Awadh was annexed by the Company in February 1856 After long years of painstaking research noted historian Rosie Llewellyn Jones revives his memory and returns him his rightful place as one of India s last great rulers **The Indian National Bibliography** B. S. Kesavan,2009 *The Writers Directory* ,2013 **Sleepwalkers** Jogindar Pāl,Sukrita Paul Kumar,Sunil Trivedi,Kathā (Society),1998 Translation of an Urdu novel includes critical appraisals of some of the author s works **The Making of Exile** Nandita Bhavnani,2017 *My Life with the Taliban* Abdul Salam Zaeef,2010-01-01 This is the autobiography of Abdul Salam Zaeef a senior former member of the Taliban His memoirs translated from Pashto are more than just a personal account of his extraordinary life My Life with the Taliban offers a counter narrative to the standard accounts of Afghanistan since 1979 Zaeef describes growing up in rural poverty in Kandahar province Both of his parents died at an early age and the Russian invasion of 1979 forced him to flee to Pakistan He started fighting the jihad in 1983 during which time he was associated with many major figures in the anti Soviet resistance including the current Taliban head Mullah Mohammad Omar After the war Zaeef returned to a quiet life in a small village in Kandahar but chaos soon overwhelmed Afghanistan as factional fighting erupted after the Russians pulled out Disgusted by the lawlessness that ensued Zaeef was one among the former mujahidin who were closely involved in the discussions that led to the emergence of the Taliban in 1994 Zaeef then details his Taliban career as civil servant and minister who negotiated with foreign oil companies as well as with Afghanistan s own resistance leader Ahmed Shah Massoud Zaeef was ambassador to Pakistan at the time of the 9 11 attacks and his account discusses the strange phoney war period before the US led intervention toppled the Taliban In early 2002 Zaeef was

handed over to American forces in Pakistan notwithstanding his diplomatic status and spent four and a half years in prison including several years in Guantanamo before being released without having been tried or charged with any offence My Life with the Taliban offers a personal and privileged insight into the rural Pashtun village communities that are the Taliban's bedrock It helps to explain what drives men like Zaeef to take up arms against the foreigners who are foolish enough to invade his homeland
