the guitar came to the forefront of music in the UK and led directly to the British Invasion of the US charts in the 1960s. Emerging from the trad jazz clubs of the early 50s, skiffle was adopted by kids who grew up during the dreary post-war rationing years. These were Britain's first teenagers looking for a music of their own in a pop culture dominated by crooners and mediated by a stuffy BBC. Lonnie Donegan hit the charts in 1956 with a version of Rock Island Line, and soon sales of guitars rocketed from 5,000 to 250,000 a year. Like punk rock that would flourish two decades later, skiffle was a do-it-yourself music. All you needed were three guitar chords, and you could form a group with mates playing tea chest bass and washboard as a rhythm section.
