Bob Darden,2004-01-01 From Africa through the spirituals from minstrel music through jubilee and from traditional to contemporary gospel People Get Ready provides for the first time an accessible overview of this musical genre Singing the City Laurie Graham,2002-10-01 Singing the City is an eloquent tribute to a way of life largely disappearing in America using Pittsburgh as a lens Graham is not blind to the damage industry has done both to people and to the environment but she shows us that there is also a rich human story that has gone largely untold one that reveals in all its ambiguities the

place of the industrial landscape in the heart Singing the City is a celebration of a landscape that through most of its history has been unabashedly industrial Convinced that industrial landscapes are too little understood and appreciated Graham set out to investigate the city s landscape past and present and to learn the lessons she sensed were there about living a good life The result told in both her voice and the distinctive voices of the people she meets is a powerful contribution to the literature of place Graham begins by showing the city as an outgrowth of its geography and its geology the factors that led to its becoming an industrial place She describes the human investment in the area the floods of immigrants who came to work in the mills in the late nineteenth and early twentieth centuries their struggles within the domains of Andrew Carnegie and Henry Clay Frick She evokes the superhuman aura of making steel by taking the reader to still functioning mills and uncovers for us a richness of tradition in ethnic neighborhoods that survives to this day Songs My Grandma Sang Michael B. Curry,2015-06 In a conversation about his teaching and preaching style Michael Curry notes with a laugh that hymns and songs of faith were always a part of the mix I learned what I believed in the songs I heard my family especially my grandmother sing We sang our faith every day Out of that strong foundation Bishop Curry shares the music of his childhood the songs that have grown with him to shape an adult and vibrant faith *The Girl Singer* Marianne Worthington,2021-11-02 Feminism Appalachian culture and country music three threads beautifully woven into one in Marianne Worthington s poetry collection *The Girl Singer* The poet grew up in urban Appalachia listening to country and folk music and letting it live within her The speakers in *The Girl Singer* offer lyrical celebrations of the women who performed that music and recite their stories anew The girl singer is also the poet one who traces loss through turning seasons monitors the patterns of neighborhood wildlife and creates a sisterhood for singing old songs in new ways *The Girl Singer* is part family history part music and part nature walk Worthington s attentive eye and heart are reflected in the starkly striking and painful images she paints in the poems Every poem whether describing a connection with Appalachian wildlife retelling the lyrics of a classic country tune reflecting on the speaker s bloodline or giving voice to famous musical figures of the past strikes a powerful chord *Albanian Urban Lyric Song in the 1930s* Eno Koço,2004-04-30 This resource aims to introduce Western audiences to what is perhaps the least known heard or discussed urban folk music in Europe Although this music Albanian urban song is the most prominent of Albanian musical genres it has continuously been overlooked by musicologists in favor of rural folk music Some commentators have implied that Albanian urban music was not as genuinely Albanian as the music of its mountains and countryside But it is no less a part of the country s musical history particularly in the twentieth century and is equally as pure an expression of Albanian spirit and culture The author examines the indigenous diatonic and chromatic modes used in Albanian urban music and classifies them under traditional headings and as part of a newly established grouping here termed south western Balkan modes The core of the work is the analysis of Albanian urban lyric songs seen as an artistic version of the traditional Albanian urban songs When these songs began to enter the classical

repertoires the pioneers of the 1930s suggested that based on the Albanian urban songs the new genre should be developed into urban lyric song Whatever its origin whether Near Eastern or south western Balkan the composer arrangers and the lyric singers of the Albanian urban lyric song in the 1930s conceived them on the whole as Western vocal and instrumental products Complemented by two music CDs Albanian Urban Lyric Song in the 1930s provides musicologists students of Balkan music and curious readers with an enlightening discussion of a much overlooked but richly rewarding musical tradition
