A CAPITALIST ROMANCE

"Marvelous. . . . That such a spectacular complex of history, mechanics, and human comedy should have gone so long without a chronicler is astonishing. . . . A treasure."—Eve Auchincloss, *The Washington Post*

Singer And The Sewing Machine A Capitalist Romance:

A Capitalist Romance Ruth Brandon,1977 *Singer and the Sewing Machine* ,1996 *Singer and the Sewing Machine* Ruth Brandon,1977 Women booze illegitimate children fraud bigamy 19th century capitalism and the emergence of an empire These words describe the life of Isaac Merritt Singer Although widely regarded as the inventor of the sewing machine Singer actually modified an existing machine and marketed it to an America eager for the new tools of the Machine Age His genius was in the advertising service with a smile installment plans and marketing gimmicks he used to get the sewing machine in homes and sweatshops all over the world This fascinating and detailed biography provides an insightful and provocative look at the American entrepreneur unraveling a complex web of personal ambition fame fortune and the attainment of the American Dream Illustrated Civilization Niall Ferguson,2011-11-01 From the bestselling author of *The Ascent of Money* and *The Square and the Tower* A dazzling history of Western ideas *The Economist* Mr Ferguson tells his story with characteristic verve and an eye for the felicitous phrase *Wall Street Journal* Written with vitality and verve a tour de force *Boston Globe* Western civilization's rise to global dominance is the single most important historical phenomenon of the past five centuries How did the West overtake its Eastern rivals And has the zenith of Western power now passed Acclaimed historian Niall Ferguson argues that beginning in the fifteenth century the West developed six powerful new concepts or killer applications competition science the rule of law modern medicine consumerism and the work ethic that the Rest lacked allowing it to surge past all other competitors Yet now Ferguson shows how the Rest have downloaded the killer apps the West once monopolized while the West has literally lost faith in itself Chronicling the rise and fall of empires alongside clashes and fusions of civilizations *Civilization* The West and the Rest recasts world history with force and wit Boldly argued and teeming with memorable characters this is Ferguson at his very best A Brief History Of The Sewing Machine Alex Askaroff,2019-11-09 World renowned author Alex Askaroff gives us his insight into one of the most useful inventions of the 19th Century The humble sewing machine changed how we dressed how we looked and how we acted The simple invention that joined cloth had a profound effect on the World Here we take a brief journey to bring you some of the fascinating characters who made it possible **Ugly Beauty** Ruth Brandon,2011-02-01 From acclaimed novelist and cultural historian Ruth Brandon comes a captivating dual biography of the legendary founders of the cosmetics industry Helena Rubinstein and Eugene Schueller creator of L'Oréal Brandon's gripping and sometimes disturbing story of gender power and politics stretches back from the darkest days of World War II to the emergence of the modern fashion and makeup industries with magazines such as *Vogue* and *Cosmopolitan* and game changing product lines such as Avon and Mary Kay *Ugly Beauty* resonates as well with its implications for modern culture as we enter an era when haute couture and cosmetology exert an ever more powerful influence upon society at large **Chronological Landmarks in American Agriculture** ,1990 This chronology lists major events in the history of U S agriculture A source to which the reader may turn

for additional information on the subject is included with most of the events Generally each source appears only once although it may apply to more than one chronological citation pp The reader interested in a particular subject can compile a short bibliography by consulting each citation for that subject **Agriculture Information Bulletin** ,1979

Franchising in America Thomas S. Dicke,2017-12-15 Using a series of case studies from five industries Dicke analyzes franchising a marketing system that combines large and small firms into a single administrative unit strengthening both in the process He studies the franchise industry from the 1840s to the 1980s closely examining the rights and obligations of both the parent company and the franchise owner Originally published in 1992 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Chants Democratic** Sean Wilentz,1986 Focusing on the working class Sean Wilentz explores the dramatic social and intellectual changes that took place during the early industrialization of New York City **Never Say Die** James C. Nicholson,2013-05-04 A history of the American horse that won Britain s greatest race and changed the Thoroughbred racing world A quarter of a million people braved miserable conditions at Epsom Downs on June 2 1954 to see the 175th running of the prestigious Derby Stakes Queen Elizabeth II and Sir Winston Churchill were in attendance along with thousands of Britons who were all convinced of the unfailing superiority of English bloodstock and eager to see a British colt take the victory They were shocked when a Kentucky born chestnut named Never Say Die galloped to a two length triumph at odds of 33 1 winning Britain s greatest race and beginning an important shift in the world of Thoroughbred racing Never Say Die traces the history of this extraordinary colt beginning with his foaling in Lexington Kentucky as well as the stories of the influential individuals brought together by the horse and his victory from the heir to the Singer sewing machine fortune to the Aga Khan Most fascinating is the tale of Mona Best of Liverpool England whose well placed bet on the long shot Derby contender allowed her to open the Casbah Coffee Club There her son met musicians John Lennon Paul McCartney and George Harrison later joining their band Featuring a foreword by the original drummer for the Beatles Pete Best this remarkable book reveals how an underdog s surprise victory played a part in the formation of the most successful and influential rock band in history and made the Bluegrass region of Kentucky the center of the international Thoroughbred industry Praise for Never Say Die Nicholson has done a very fine job of placing the unique role of Never Say Die in perspective within the specific confines of Thoroughbred racing history while at the same time explaining how this horse was touched by a vivid array of characters in other social and historical contexts Who would have imagined that a racehorse would link such diverse institutions as the Singer sewing machine company the Epsom Derby and the Beatles Edward L Bowen author of The Lucky Thirteen As a reader I was left with a clear understanding of how the breeding industry has gone global and importantly how it will always follow the money Racing

enthusiasts will enjoy how the author sews together this unusual patchwork of characters into a narrative John Eisenberg author of *The Great Match Race When North Met South in America's First Sports Spectacle* Enlightening and entertaining Nicholson's tale of close connections and global links is a yarn worth following Wall Street Journal *The Diffusion of "Small" Western Technologies in the Middle East* Uri M. Kupferschmidt, 2023-10-04 In recent years we have become interested in the diffusion of small Western technologies in the countries of the Middle East during the 19th and 20th centuries the era of Imperialism and first globalization We postulated a contrast between small and big technologies Under the latter category we may understand railway systems electricity grids telegraph networks and steam navigation imposed by foreign powers or installed by connected local entrepreneurs But many small Western technologies such as sewing machines typewriters pianos eyeglasses and similar consumer goods which had been developed and manufactured in Europe and America were wanted and willingly acquired by the agency of individual users elsewhere In a few cases however the inventions had to be adapted or were overstepped and even delayed Some were adopted as social markers or status symbols only by elites who could afford them Processes of adoption and diffusion therefore differed according to cultural settings preferences and needs Social and cultural historians and social scientists not only of the Middle East will find in this collection of essays a new approach to the impact of Western technological inventions on the Middle East **Invention and**

Technology Milton Lomask, 1991-10-31 Brief life stories of twenty seven persons whose inventions or discoveries have altered the environment to a marked degree Includes a list of important dates in the history of invention and technology *Labor Literature*, 1977 Western Union and the Creation of the American Corporate Order, 1845-1893 Joshua D. Wolff, 2013-06-28 This work chronicles the rise of Western Union Telegraph from its origins in the helter skelter ferment of antebellum capitalism to its apogee as the first corporation to monopolize an industry on a national scale The battles that raged over Western Union's monopoly on nineteenth century American telecommunications in Congress in courts and in the press illuminate the fierce tensions over the rising power of corporations after the Civil War and the reshaping of American political economy The telegraph debate reveals that what we understand as the normative relationship between private capital and public interest is the product of a historical process that was neither inevitable nor uncontested Western Union's monopoly was not the result of market logic or a managerial revolution but the conscious creation of entrepreneurs protecting their investments In the process these entrepreneurs elevated economic liberalism above traditional republican principles of public interest and helped create a new corporate order **Corporate Governance and Firm Organization**

Anna Grandori, 2004-09-09 Recent scandals involving large firms in the US and elsewhere have intensified discussion regarding the role and conduct of the corporation The contributors to this book argue that much of this debate has taken too narrow a view of the issue of corporate governance and question some of the key assumptions of economic models Drawing on insights from a variety of fields including management studies organization studies economics and finance political

science sociology psychology and legal studies the contributors argue that these models fail to take account of the varied and complex behaviour of actors within the corporation Instead the organizational cognitive and motivational foundations of governance problems and possible solutions are re worked to produce a broader conception of governance The book contains chapters from leading international management scholars including Masahiko Aoki Margaret Blair John Child Alvaro Cuervo Cazorra Bruno Frey Anna Grandori Joseph Lampel Ryon Lancaster William Lazonick Siegwart Lindenberg Patrick Moreton Margit Osterloh Michael Piore Andrea Prencipe Suzana Rodrigues Mark Roe Giuseppe Soda Steen Thomsen Brian Uzzi Paul Windolf and Todd Zenger Corporate Governance and Firm Organization provides an important contribution to the corporate governance debate and will be essential reading for academics and graduate students of corporate governance business and management economics finance sociology and law Consultants professionals and policy makers working in the area of corporate governance

Ugly Beauty Ruth Brandon, 2011-02-01 Thanks to a combination of business savvy breathtaking chutzpah and lucky timing Helena Rubinstein managed to transform herself from a poor Polish emigrant to the world's first self made female tycoon She went from selling homemade Crème Valaze out of her house in Australia to becoming an international cosmetics magnate Tiny and plump wearing extravagant jewels and spiked heels she was a fixture of upper crust New York for many years She was larger than life and never took no for an answer when she was refused from a New York City apartment on the grounds that she was Jewish she went ahead and bought the whole building and promptly moved in The story of Eugène Schueller and L'Oréal begins in 1907 in a dingy working class part of Paris where a young Schueller sat at his family's kitchen table trying to develop the first harmless artificial hair dye The tale of how L'Oréal went from that point to the world's largest cosmetics company is fascinating and full of intrigue with a little of everything fascist assassins bitter unmaskings political scandals In 1988 although Schueller and Rubinstein had long since passed away their worlds collided when L'Oréal bought Rubinstein's company leading to a series of scandals that threw a new and sinister light on L'Oréal For starters Rubinstein was Jewish but Schueller and many other top L'Oréal executives had been active Nazi collaborators What came to light threatened the reputations of some of France's most powerful men up to and including its president This is a powerful dramatic and largely untold story about the ugly truth behind a beauty empire
