The Optical Unconscious Rosalind E. Krauss,1994-07-25 The Optical Unconscious is a pointed protest against the official story of modernism and against the critical tradition that attempted to define modern art according to certain sacred commandments and self fulfilling truths The account of modernism presented here challenges the vaunted principle of vision itself And it is a very different story than we have ever read not only because its insurgent plot and characters rise from below the calm surface of the known and law like field of modernist painting but because the voice is unlike anything we have heard before Just as the artists of the optical unconscious assaulted the idea of autonomy and visual mastery Rosalind Krauss abandons the historian s voice of objective detachment and forges a new style of writing in this book art history that insinuates diary and art theory and that has the gait and tone of fiction The Optical Unconscious will be deeply vexing to modernism s standard bearers and to readers who have accepted the foundational principles on which their aesthetic is based Krauss also gives us the story that Alfred Barr Meyer Shapiro and Clement Greenberg repressed the story of a small disparate group of artists who defied modernism s most cherished self descriptions giving rise to an unruly disruptive force that persistently haunted the field of modernism from the 1920s to the 1950s and continues to disrupt it today In order to understand why modernism had to repress the optical unconscious Krauss eavesdrops on Roger

Fry in the salons of Bloomsbury and spies on the toddler John Ruskin as he amuses himself with the patterns of a rug we find her in the living room of Clement Greenberg as he complains about smart Jewish girls with their typewriters in the 1960s and in colloquy with Michael Fried about Frank Stella's love of baseball Along the way there are also narrative encounters with Freud Jacques Lacan Georges Bataille Roger Caillois Gilles Deleuze and Jean Francois Lyotard To embody this optical unconscious Krauss turns to the pages of Max Ernst's collage novels to Marcel Duchamp's hypnotic Rotoreliefs to Eva Hesse's luminous sculptures and to Cy Twombly's Andy Warhol's and Robert Morris's scandalous decoding of Jackson Pollock's drip pictures as Anti Form These artists introduced a new set of values into the field of twentieth century art offering ready made images of obsessional fantasy in place of modernism's intentionality and unexamined compulsions Embroidery Charlotte Gerlings, 2012-08 Aimed at beginners as well as those wishing to refresh their skills Embroidery is a step by step guide to every aspect of this rewarding craft Including methods and techniques an illustrated directory of stitches as well as exercises and projects this book will inspire creative stitches everywhere Back cover **Graphic Design for the Electronic Age** Jan V. White, 1988 A Xerox Press book Includes index *A Handbook of Industrial Ecology* Robert U. Ayres, 2002 The editors of this handbook have brought together 58 of the world's greatest environmental systems experts These professionals have in 46 specific topic headings divided into six major sections provided very insightful information and guidance as to what industrial ecology entails how it can be implemented and its benefits a very valuable tool This book provides essential information to mid and top level management that can enable industry to make more prudent business decisions regarding the manufacturing of its products Robert John Klancko Environmental Practice Industrial ecology is coming of age and this superb book brings together leading scholars to present a state of the art overviews of the subject **The Second Sex** Simone de Beauvoir, 1997 Of all the writing that emerged from the existentialist movement Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact It is at once a work of anthropology and sociology of biology and psychoanalysis from the pen of a writer and novelist of penetrating imaginative power THE SECOND SEX stands five decades after its first appearance as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time Handbook of Composites S.T. Peters, 2013-11-27 Today fiber reinforced composites are in use properties of different component fiber in a variety of structures ranging from space matrix filler materials craft and aircraft to buildings and bridges manufacturing techniques This wide use of composites has been facilitated by the introduction of new materials testing improvements in manufacturing processes mechanically fastened and bonded joints and developments of new analytical and test repairing methods Unfortunately information on damage tolerance these topics is scattered in journal articles in environmental effects conference and symposium proceedings in and disposal health safety reuse workshop notes and in government and commercial applications in many reports This proliferation of the source aircraft and spacecraft material coupled

with the fact that some of land transportation the relevant publications are hard to find or marine environments are restricted makes it difficult to identify and biotechnology obtain the up to date knowledge needed to construction and infrastructure utilize composites to their full advantage sporting goods This book intends to overcome these diffi Each chapter written by a recognized expert culties by presenting in a single volume is self contained and contains many of the many of the recent advances in the field of state of the art techniques reqUired for prac composite materials The main focus of this tical applications of composites

Women and the Colonial State Elsbeth Locher-Scholten,2000 Woman and the Colonial State deals with the ambiguous relationship between women of both the European and the Indonesian population and the colonial state in the former Netherlands Indies in the first half of the twentieth century Based on new data from a variety of sources colonial archives journals household manuals children s literature and press surveys it analyses the women state relationship by presenting five empirical studies on subjects in which women figured prominently at the time Indonesian labour Indonesian servants in colonial homes Dutch colonial fashion and food the feminist struggle for the vote and the intense debate about monogamy of and by women at the end of the 1930s An introductory essay combines the outcomes of the case studies and relates those to debates about Orientalism the construction of whiteness and to questions of modernity and the colonial state formation
