**Subject Index of Modern Books Acquired** British Library,1971      **China and the International System, 1840-1949** David Scott,2008-11-07 Examines the images hopes and fears that were evoked during China s century long subservience to external powers      **Science, (Anti-)Communism and Diplomacy** ,2019-10-01 From 1957 onwards the Pugwash Conferences brought together elite scientists from across ideological and political divides to work towards disarmament Through a series of national case studies Austria China Czechoslovakia East and West Germany the US and USSR this volume offers a critical reassessment of the development and work of Pugwash nationally internationally and as a transnational forum for Track II diplomacy This major new collection reveals the difficulties that Pugwash scientists encountered as they sought to reach across the blocs create a channel for East West dialogue and realize the project s founding aim of influencing state actors Uniquely the book affords a sense of the contingent and contested process by which the network like organization took shape around the conferences Contributors are Gordon Barrett Matthew Evangelista Silke Fengler Alison Kraft Fabian L scher Doubravka Ol kov Geoffrey Roberts Paul Robinson and Carola Sachse      Public Affairs Information Service Bulletin ,1972      **A Bibliography of British History, 1914-1989** Keith Robbins,American Historical

Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index American Book Publishing Record R.R. Bowker Company, 1978 **Bandung, Global History, and International Law** Luis Eslava, Michael Fakhri, Vasuki Nesiah, 2017-11-30 In 1955 a conference was held in Bandung Indonesia that was attended by representatives from twenty nine nations Against the backdrop of crumbling European empires Asian and African leaders forged new alliances and established anti imperial principles for a new world order The conference came to capture popular imaginations across the Global South and as counterpoint to the dominant world order it became both an act of collective imagination and a practical political project for decolonization that inspired a range of social movements diplomatic efforts institutional experiments and heterodox visions of the history and future of the world In this book leading international scholars explore what the spirit of Bandung has meant to people across the world over the past decades and what it means today It analyzes Bandung s complicated and pivotal impact on global history international law and most of all justice struggles after the end of formal colonialism The War for Korea, 1945-1950 Allan R. Millett, 2015-02-27 When the major powers sent troops to the Korean peninsula in June of 1950 it supposedly marked the start of one of the last century s bloodiest conflicts Allan Millett however reveals that the Korean War actually began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule 1910 1945 The first in a new two volume history of the Korean War Millett s study offers the most comprehensive account of its causes and early military operations Millett traces the war s origins to the post liberation conflict between two revolutionary movements the Marxist Leninists and the Nationalist capitalists With the U S Soviet partition of Korea following World War II each movement now with foreign patrons asserted its right to govern the peninsula leading directly to the guerrilla warfare and terrorism in which more than 30 000 Koreans died Millett argues that this civil strife fought mostly in the South was not so much the cause of the Korean War as its actual beginning Millett describes two revolutions locked in irreconcilable conflict offering an even handed treatment of both Communists and capitalists nationalists Neither movement was a model of democracy He includes Korean Chinese and Russian perspectives on this era provides the most complete account of the formation of the South Korean army and offers new interpretations of the U S occupation of Korea 1945 1948 Millett s history redefines the initial phase of the war in Asian terms His book shows how both internal forces and international pressures converged to create the Korean War a conflict that still shapes the politics of Asia **National Union Catalog** , 1978 Sovereignty in China Maria Adele Carrai, 2019-08 This book provides a comprehensive history of the emergence and the formation of the concept of sovereignty in China from the year 1840 to the present It contributes to broadening the history of modern China by looking at the way the notion of sovereignty was gradually articulated by key Chinese intellectuals diplomats and political figures in the unfolding of the history of

international law in China rehabilitates Chinese agency and shows how China challenged Western Eurocentric assumptions about the progress of international law It puts the history of international law in a global perspective interrogating the widely held belief of international law as universal order and exploring the ways in which its history is closely anchored to a European experience that fails to take into account how the encounter with other non European realities has influenced its formation

**Concepts of Non-Provocative Defence** G. Wiseman, 2001-12-18 This book examines the viability of non provocative defence the controversial idea that defensive military policies and practices reduce the risk of wars and provide a viable basis for defending a society should war break out Drawing on case studies from Europe the 1991 Persian Gulf War and Asia Pacific the author concludes that non provocative defence concepts remain relevant and that they can help in deterring conducting and settling wars

**Background Notes** United States. Department of State. Office of Media Services, 1971 *On China* Henry Kissinger, 2011-05-17 For more than twenty years after the Communist Revolution in 1949 China and most of the western world had no diplomats in each others capitals and no direct way to communicate Then in July 1971 Henry Kissinger arrived secretly in Beijing on a mission which quickly led to the reopening of relations between China and the West and changed the course of post war history For the past forty years Kissinger has maintained close relations with successive generations of Chinese leaders and has probably been more intimately connected with China at the highest level than any other western figure This book distils his unique experience and long study of the Middle Kingdom examining China s history from the classical era to the present day and explaining why it has taken the extraordinary course that it has The book concentrates on the decades since 1949 presenting brilliantly drawn portraits of Mao Zedong Zhou Enlai Deng Xiaoping and other Chinese leaders and reproducing verbatim Kissinger s conversations with each of them But Kissinger s eye rarely leaves the long continuum of Chinese history he describes the essence of China s approach to diplomacy strategy and negotiation and the remarkable ways in which Communist era statesmen have drawn on methods honed over millennia At the end of the book Kissinger reflects on these attitudes for our own era of economic interdependence and an uncertain future *On China* is written with great authority complete accessibility and with many wider reflections on statecraft and diplomacy distilled from years of experience At a moment when the rest of the world is thinking about China more than ever before this timely book offers insights that no other can *Bulletin of the Public Affairs Information Service* Public Affairs Information Service, 1971

**The Chinese Navy** Institute for National Strategic Studies, 2011-12-27 Tells the story of the growing Chinese Navy The People s Liberation Army Navy PLAN and its expanding capabilities evolving roles and military implications for the USA Divided into four thematic sections this special collection of essays surveys and analyzes the most important aspects of China s navel modernization **Constructing the U.S. Rapprochement with China, 1961-1974** Evelyn Goh, 2004-11-22 With Nixon s historic reconciliation with China in 1972 Sino American relations were restored and China moved from being regarded as America s most implacable enemy to a friend and tacit ally Existing accounts of the

rapprochement focus on the shifting balance of power between the USA China and the Soviet Union but in this book Goh argues that they cannot adequately explain the timing and policy choices related to Washington's decisions for reconciliation with Beijing. Instead, she applies a more historically sensitive approach that privileges contending official American constructions of China's identity and character. This book demonstrates that ideas of reconciliation with China were already being propagated and debated within official circles in the USA during the 1960s. It traces the related policy discourse and imagery and examines their continuities and evolution into the early 1970s that facilitated Nixon's new policy.
