Convention and the Individual in Medieval English Romance Lucy Brookes,2025-04 Offers a nuanced reading of character and subjectivity in medieval romance via an exploration of its conventions Medieval romances can be characterised by their formulaic motifs predictable plots and stock figures and character types This book offers a fresh perspective on these conventions arguing that authors used them and the expectations they generate as a form of shorthand to interiority Understanding romance conventions in this way reveals that romance characters complex and often contradictory inner lives are made available precisely through the genre s narrative structures shapes and norms Drawing upon recent work in the History of Emotions and Affect Theory the author explores character and subjectivity in a variety of English romance texts from 1100 to 1500 such as Amis and Amiloun Le Bone Florence of Rome The Squire of Low Degree Sir Orfeo Sir Gawain and the Green Knight and Malory s Le Morte Darthur Through new readings of these texts the book demonstrates the contribution made by romance to the growing significance of the individual in fiction after the twelfth century by paying particular attention to the ways in which convention expectation and genre intersect with character formation and the representation of identity ade by romance to the growing significance of the individual in fiction after the twelfth century by

Approaches to Teaching the Middle English Pearl Jane Beal, Mark Bradshaw Busbee, 2018-01-01 The moving richly allegorical poem Pearl was likely written by the anonymous poet who also penned Sir Gawain and the Green Knight In it a man in a garden grieving the loss of a beloved pearl dreams of the Pearl Maiden who appears across a stream She teaches him the nature of innocence God's grace meekness and purity Though granted a vision of the New Jerusalem by the Pearl Maiden the dreamer

is pained to discover that he cannot cross the stream himself and join her in bliss at least not yet This extraordinary poem is a door into late medieval poetics and Catholic piety Part 1 of this volume Materials introduces instructors to the many resources available for teaching the canonical yet challenging Pearl including editions translations and scholarship on the poem as well as its historical context The essays in part 2 Approaches offer instructors tools for introducing students to critical issues associated with the poem such as its authorship sources and analogues structure and language and relation to other works of its time Contributors draw on interdisciplinary approaches to outline ways of teaching Pearl in a variety of classroom contexts

Medieval literary voices Louise D'Arcens, Sif Ríkharðsdóttir, 2022-07-05 Voice is a fleeting physical phenomenon that leaves behind traces of its existence Medieval literary voices offers a wide reaching approach to the concept of literary voices both the vanished authorial ones and the implicit textual ones Its impressive lineup deepens our understanding of how literary voices evoke the elusive voices lurking beyond the text capturing the absent authorial voice the traces of scribal voices and the soundscape of the uttered text It explores multiple dimensions of medieval voice and vocalisations and the interactions between literary voices and their authorial scribal and socio political settings It contends that through the theorizing of literary voices we can begin to understand the ways in which medieval voices mediate or proclaim an embodied selfhood or material presence how they dictate or contest moral conventions and how they create and sustain narrative soundscapes
