The Last White Slave M. Missy, 2015-01-07 THE LAST WHITE SLAVE PART TWO Based in real history comes a story like none ever told. A story of the old South where bondage, domination, submission, and humiliation were real and not a game people played. An entertaining thriller which will Educate you, Sadden you, Excite you, Anger you, Shock you, Make you cry. Maybe all at the same time. Hello, my name is Matthew Michael McCall III. This is my story. The story of my life as the last white slave. The story of the worst President in the history of the United States. A story about the Civil War. Abraham Lincoln's war. KING ABRAHAM LINCOLN KING. Abraham Lincoln caused the needless murder and/or maiming of over 700,000 Americans. My story, a love story of the unbelievable kind. A story with an explosive ending you should be surprised. A story that suggests slavery was never outlawed in the United States that's right, the 13th amendment to the constitution. Abraham Lincoln says was passed, may not have been passed. Slavery may still be legal. KING Lincoln knew that, but what does a self-appointed KING care about the law? Not much, as it turned out.

If You Seduce a Straight Person, Can You Make Them Gay? John Dececco, PhD, John Patrick Elia, 2014-05-01 The debate on whether or not people are born homosexual, biological essentialist theory, or become homosexual during the course of their lives, social constructionist theory continues as each side claims to prove the truth through research and clinical findings. This

breakthrough book shows the fissures in concepts of the gay and lesbian identity and the one sidedness of both biological essentialist and social constructionist versions of both sexual and gender identity The editors present an alternative view sexual and gender expression is a product of complementary biological personal and cultural influences in If You Seduce a Straight Person Can You Make Them Gay Through theoretical analysis ethnographic and empirical data and case studies the editors show how the one sidedness of both biological essentialist and social constructionist versions of sexual and gender identity make it difficult if not impossible to conceptually determine the origin of an individual s sexual expression This thought provoking book covers many topics that are sure to cause readers to re evaluate their thinking about the origins of gay and lesbian identity Among the topics examined with this fresh perspective are Childhood Cross Gender Behavior and Adult Homosexuality Gay and Lesbian Teachers and Coming Out Homosexuality Marriage Fidelity and the Gay Community Case of Gay Husbands Can Seduction Make Straight Men Gay Gay and Lesbian Identities in Non industrialized Societies Surinam Dutch New Guinea Turkey Nicaragua and Argentina Political Economic Construction of Gay Male Identities Readers will clearly see that the controversy over the being born gay or becoming gay debate is far from resolved From the beginning the book explores how human beings are less constrained by biology than many would like to believe Social circumstances and economics cause some determination of identity but not exclusively Theoretical introductions to each chapter attempt to synthesize elements on both sides of this most contemporary debate
