

"Aw, sissy love.  
Don't they make  
a cute pair?"

"They do, only I cannot help but wonder  
who in the bedroom would be on top."

"Well, that's simple. They would lie down  
sixty-nine and suck on each other's clitties."

[The Oxford Handbook of Queer Cinema](#) Ronald Gregg, Amy Villarejo, 2021-11-12 The term queer cinema is often used to name at least three cultural events 1 an emergent visual culture that boldly identifies as queer 2 a body of narrative documentary and experimental work previously collated under the rubric of homosexual or lesbian gay bisexual and trans LGBT cinema 3 a means of critically reading and evaluating films and other visual media through the lens of sexuality By this expansive account queer cinema encompasses more than a century of filmmaking film criticism and film reception and the past twenty five years have seen the idea of queer cinema expand further as a descriptor for a global arts practice As the first of its kind *The Oxford Handbook of Queer Cinema* treats these three currents as art and critical practice bringing the canon of queer cinema together with a new generation of makers and scholars The Handbook's contributors include scholars who research the worldwide canon of queer cinema those who are uniquely positioned to address three decades of its particular importance and those best positioned to ponder the forms it is taking or may take in our new century namely digital media that moves in new circuits In eight sections they explore the many forms that queer cinema takes across time

discussing narrative experimental documentary and genre filmmaking including pornography Likewise although the study of cinema and media is not restricted to a single method chapters showcase the unique combination of textual analysis industrial and production history interpretation ethnography and archival research that this field enables For example chapters analyze the ways in which queer cinema both is and is not self evidently an object for study by examining films that reinforce negative understandings of queerness alongside those that liberate the subject and by naming the films that are newly queered while noting that many queerly made texts await discovery Finally chapters necessarily assert that queer cinema is not an Anglophone phenomenon nor is it restricted to the medium of film      **Laughing in the Dark** Laurie
