Ryan, 2006 An illustrated A to Z reference containing more than 700 entries providing information on the theology people historical events institutions and movements related to Hinduism **Walking Home with Baba** Rohini Ralby, 2012 This is an authoritative uncompromising altogether real guide to spiritual practice Rohini Ralby spent eight years as head of security appointments secretary and personal assistant to the great Swami Muktananda and in their many hours alone together this world renowned guru taught her one on one the essence of spiritual practice In *Walking Home with Baba* an expert guide to spiritual practice Rohini draws on that experience and her subsequent study and work as a spiritual director to convey in clear and concise terms what spiritual practice truly is walking home and retracing our way back to God to Absolute Truth Absolute Consciousness and Absolute Bliss *Walking Home with Baba* combines intimate stories about Ms Ralbys own experiences with Muktananda and others with chapters explaining the actual work of spiritual practice She provides tools that she has developed for freeing ourselves from misery One chapter is perhaps the most masterfully clear and concise companion to the Yoga Sutras of Patanjali available today Readers will learn not only about Ms Ralbys experience of travelling the path and being the close disciple of a great Guru they will gain practical guidance in walking that path themselves *Light on Tantra in Kashmir Shaivism*: Swami Lakshmanjoo, 2017-09-23 This profound text is concerned with the philosophy and practice known as Kashmir Shaivism On account of its size and scope it is a veritable encyclopedia of non dual Shaivism Why was the *Tantraloka* written In answer to this question Abhinavagupta tells us that although in the schools of Kashmir Shaivism there are many wonderful and important ways and methods for attaining the supreme reality yet in his time not even one was still existing All of those ways and methods were lost It is for this reason that he was requested by his colleagues and disciples to create a text that would illuminate and clarify all of these ways and methods of Kashmir Shaivism To accomplish this Abhinavagupta composed the *Tantraloka* a text which he tells us is filled with the complete explanation of the ways and methods associated with Kashmir Shaivism That is to say that the philosophical understanding on the level of the intellect might have been existing but the actual practical means or methods to be used to attain the supreme reality oneness with Universal Being to which they all pointed was lost Abhinavagupta was intent therefore to revive the true understanding of these very important teachings to make the practices that they embodied live again For what is the use of a map if you have no way to reach the destination Thus Abhinavagupta gave us the *Tantraloka* to remedy this situation The *Tantraloka* is composed of thirty seven chapters ahnikas Each chapter has its own distinct topic In this present volume chapter one Abhinavagupta lays the groundwork for the rest of his *Tantraloka* Here are some of the topics Abhinavagupta examines in the first chapter The important Masters of the schools of Kashmir Shaivism The differentiated perception of all the means and methods upayas The difference between knowledge ignorance and liberation The essence of what is to be recognized i e the real object to be known The oneness of Shiva and His energy Shakti Introduction to the means and methods upaya for

attaining full and pure knowledge where you perceive your nature as one with the universe True liberation in Kashmir Shaivism A discussion of the four states of means upayas Three variations of absorption or trance samavesha as mentioned in the Malinivijaya Tantra The contents of each of the thirty seven chapters of Tantraloka **Insanity and Genius** Harry Eiss,2014-06-02 In his book about the discovery of the structure of DNA James Watson wrote So we had lunch telling ourselves that a structure this beautiful just had to exist Indeed the quest most often asked by scientists about a scientific theory is Is it beautiful Yes beauty equals truth Scientists know mathematicians know But the beauties the truths of mathematics and science were not the truths that inspired the author as a child and he intuitively knew that the truths he needed come from a different way of knowing a way of knowing not of the world of logic and reason and explanation though they have a value but rather a way of knowing that is of the world expression a world that enters the truths beyond the grasp of logic That is what this book is all about It is an exploration of the greatest minds of human existence struggling to understand the deepest truths of the human condition This second edition updates the previous one incorporating new publications on Van Gogh recent discoveries in neurology psychology and the rapid developments in understanding DNA and biotechnology We ve come a long way already from that original discovery by Watson and his coauthor Francis Crick

Christ of the Coal Yards Harry Eiss,2010-02-19 No one heard the shot No one ever found the gun It was Sunday July 27 1890 Vincent had recently finished *Wheatfield with Crows* thought to be his final painting one that he described as representing vast fields of wheat beneath troubled skies one where he said in a letter he meant to send to Theo I did not need to go out of my way to try to express cheerlessness and extreme loneliness The letter never got sent but was found stuffed in his smock That morning as usual he walked out into the wheat fields with his easel brushes tubes of color and folding stool perhaps hoping to reach his destination before the gang of local boys and girls were up and able to tease him and throw tomatoes Le Crau a wide plain of ripe grain fields of citron yellow tan and ochre spread out beneath the bright Provencal sun It s safe to assume he heard the cicadas singing loudly the swiping swishes of the farmers scythes already cutting through the rich wheat stalks the gusts of wind whispering through the olive branches Driven and filled with energy for months he had been quickly with an assurance that overcame and perhaps even came from his doubts and struggles putting his own dramatic visions on canvas after canvas But today he did not go into the fields to paint or perhaps in the beginning he did perhaps in the morning that was his intention No one will ever know He said he brought the revolver to frighten off the crows Possibly that was his original intention when he included it with his lunch of bread and milk In the end it s probably not relevant except for the endless attempts to analyze him to dig into his complex psyche at once brilliant and yet impelled to self destruction The Ravoux family were sitting on the terrace of their caf when he returned a bit concerned because he was late but not overly so When he finally appeared his walk was more uneven than usual and he held his hand over his stomach Monsieur Vincent Mrs Ravoux said we were worried we are glad to see you come Has anything bad happened No but I he left

his reply unfinished as he passed inside Mr Ravoux followed him upstairs where he found him sitting on his bed facing the wall I wanted to kill myself This book is a critical examination of Vincent van Gogh that offers insights into his life his religious beliefs his relationships with women and of course his paintings It includes discussions of his letters and responds to many of the previous works about him dispelling some of the myths that have no foundation and pointing out how many of the claims made about him and many of the popular beliefs that have grown up around him are at best guesswork It explores psychological neurological theological philosophical aesthetic and historical paradigms for comprehending his enigmatic and enticing personality

Vijnana Bhairava Swami Lakshman Joo, 2002 The Vijnana Bhairava is one of the most important Tantras of Kashmir Shaivism as far as the practical aspect of yoga of this school is concerned It teaches 112 dhyanas or ways of centring awareness and entering divine consciousness which include ordinary and extraordinary experiences as well as tantric methods of spiritual practice such as kaulin mantra and mudra This ancient text is of great relevance for a spirituality of our times which has to integrate all aspects of life The present edition translation and commentary is unique since it contains the oral teaching of the last great master of the Kashmir Shaiva tradition Swami Lakshman Joo In his explanation of the dhyanas he gives the deep significance and practical application of various methods of yoga which give direct access to states of higher consciousness
