

The background is a reproduction of a painting, likely a water lily pond by J.M.W. Turner. It features a dense cluster of water lilies with various colored leaves (green, yellow, pink, blue) and flowers (red, yellow, white) floating on a dark blue, textured water surface. The brushstrokes are visible, giving it an impressionistic feel.

landmark work of narrative history Paris 1919 is the first full scale treatment of the Peace Conference in more than twenty five years It offers a scintillating view of those dramatic and fateful days when much of the modern world was sketched out when countries were created Iraq Yugoslavia Israel whose troubles haunt us still Winner of the Samuel Johnson Prize Winner of the PEN Hessell Tiltman Prize Winner of the Duff Cooper Prize Between January and July 1919 after the war to end all wars men and women from around the world converged on Paris to shape the peace Center stage for the first time in history was an American president Woodrow Wilson who with his Fourteen Points seemed to promise to so many people the fulfillment of their dreams Stern intransigent impatient when it came to security concerns and wildly idealistic in his dream of a League of Nations that would resolve all future conflict peacefully Wilson is only one of the larger than life characters
