*Company of One* Paul Jarvis,2019 What if the real key to a richer and more fulfilling career was not to create and scale a new start up but rather to be able to work for yourself determine your own hours and become a highly profitable and sustainable company of one Suppose the better and smarter solution is simply to remain small This book explains how to do just that Company of One is a refreshingly new approach centered on staying small and avoiding growth for any size business Not as a freelancer who only gets paid on a per piece basis and not as an entrepreneurial start up that wants to scale as soon as possible but as a small business that is deliberately committed to staying that way By staying small one can have freedom to pursue more meaningful pleasures in life and avoid the headaches that result from dealing with employees long meetings or worrying about expansion Company of One introduces this unique business strategy

and explains how to make it work for you including how to generate cash flow on an ongoing basis Paul Jarvis left the corporate world when he realized that working in a high pressure high profile world was not his idea of success Instead he now works for himself out of his home on a small lush island off of Vancouver and lives a much more rewarding and productive life He no longer has to contend with an environment that constantly demands more productivity more output and more growth In Company of One Jarvis explains how you can find the right pathway to do the same including planning how to set up your shop determining your desired revenues dealing with unexpected crises keeping your key clients happy and of course doing all of this on your own
