Six Machine Book:

Six Machine Chris Gayle, 2016-06-02 If the ball's there hit it Don't worry about what might happen Play for the glory Play for the six Chris Gayle is the only man to have ever hit a six off the first ball of a Test match But then producing the impossible is an everyday act for the West Indies legend the first man to smash an international T20 century the first to hit a World Cup 200 the fastest century in the history of the game He has hit twice as many T20 sixes as any other man and scored two Test triple centuries All this is delivered with cricket's biggest bat and an even bigger smile Off the pitch millions follow him on Instagram and Twitter to catch a glimpse of a globe trotting life spent in nightclubs as much as nets hot tubs as often as helmets and pads He plays late parties later demolishes a king size pile of pancakes and then strolls out to mangle another hapless bowling attack But do we really know him Do we know what took a shy skinny kid from a cramped tin roofed shack in the dusty back streets of Kingston sharing a bed with three brothers and stealing empty bottles to buy food to the very top of the cricket world without losing himself along the way Outrageous and utterly original this unputdownable memoir will leave you reeling Welcome to the world of the Six Machine

Making the Big Red Machine Daryl Smith, 2009-05-04 With a line up that included future Hall of Famers Johnny Bench Joe Morgan Tony Perez and Pete Rose Cincinnati's Big Red Machine powered its way in the 1970s to six division titles four pennants and two World Series Three other times in that decade they finished second in their division to the eventual pennant winner While much has been written about the players and manager Sparky Anderson no book until now has given adequate attention to the man behind the Machine general manager Bob Howsam From his hire in 1967 through the end of his first stint with the Reds in 1978 Howsam brought about a remarkable change in fortune for the Reds who had claimed only one pennant in the 26 years before his arrival This detailed history of baseball's last dynasty shows not only how the team performed but why delving into the off field strategy and moves behind the Reds success

Big Machine Victor LaValle, 2009-08-11 A haunting and fresh Los Angeles Times novel about doubt faith and the monsters we carry within us that draws comparisons to the work of Ralph Ellison and Thomas Pynchon The Wall Street Journal Big Machine is like nothing I've ever read incredibly human and alien at the same time Victor LaValle writes like Gabriel Garcia Marquez mixed with Edgar Allan Poe Mos Def ONE OF THE BEST BOOKS OF THE YEAR Los Angeles Times The Washington Post Chicago Tribune Publishers Weekly Ricky Rice is a middling hustler with a lingering junk habit a bum knee and a haunted mind A survivor of a suicide cult he scrapes by as a porter at a bus depot in Utica New York until one day a mysterious letter arrives summoning him to enlist in a band of paranormal investigators comprised of former addicts and petty criminals all of whom had at some point in their wasted lives heard what may have been the voice of God Infused with the wonder of a disquieting dream and laced with Victor LaValle's fiendish comic sensibility Big Machine is a mind rattling mystery about doubt faith and the monsters we carry within us Winner of the American Book Award and the Shirley Jackson Award

To Be a Machine Mark O'Connell, 2017-02-28 This gonzo

journalistic exploration of the Silicon Valley techno utopians pursuit of escaping mortality is a breezy romp full of colorful characters New York Times Book Review Editor s Choice Transhumanism is a movement pushing the limits of our bodies our capabilities intelligence and lifespans in the hopes that through technology we can become something better than ourselves It has found support among Silicon Valley billionaires and some of the world s biggest businesses In To Be a Machine journalist Mark O Connell explores the staggering possibilities and moral quandaries that present themselves when you of think of your body as a device He visits the world s foremost cryonics facility to witness how some have chosen to forestall death He discovers an underground collective of biohackers implanting electronics under their skin to enhance their senses He meets a team of scientists urgently investigating how to protect mankind from artificial superintelligence Where is our obsession with technology leading us What does the rise of AI mean not just for our offices and homes but for our humanity Could the technologies we create to help us eventually bring us to harm Addressing these questions O Connell presents a profound provocative often laugh out loud funny look at an influential movement In investigating what it means to be a machine he offers a surprising meditation on what it means to be human Human + Machine Paul R. Daugherty,H. James Wilson,2018-03-20 AI is radically transforming business Are you ready Look around you Artificial intelligence is no longer just a futuristic notion It s here right now in software that senses what we need supply chains that think in real time and robots that respond to changes in their environment Twenty first century pioneer companies are already using AI to innovate and grow fast The bottom line is this Businesses that understand how to harness AI can surge ahead Those that neglect it will fall behind Which side are you on In Human Machine Accenture leaders Paul R Daugherty and H James Jim Wilson show that the essence of the AI paradigm shift is the transformation of all business processes within an organization whether related to breakthrough innovation everyday customer service or personal productivity habits As humans and smart machines collaborate ever more closely work processes become more fluid and adaptive enabling companies to change them on the fly or to completely reimagine them AI is changing all the rules of how companies operate Based on the authors experience and research with 1 500 organizations the book reveals how companies are using the new rules of AI to leap ahead on innovation and profitability as well as what you can do to achieve similar results It describes six entirely new types of hybrid human machine roles that every company must develop and it includes a leader s guide with the five crucial principles required to become an AI fueled business Human Machine provides the missing and much needed management playbook for success in our new age of AI BOOK PROCEEDS FOR THE AI GENERATION The authors goal in publishing Human Machine is to help executives workers students and others navigate the changes that AI is making to business and the economy They believe AI will bring innovations that truly improve the way the world works and lives However AI will cause disruption and many people will need education training and support to prepare for the newly created jobs To support this need the authors are donating the royalties received from the sale of this book to fund education and retraining programs focused on developing
