**The Jews and Moors in Spain** Joseph Krauskopf, 1886 This volume is a reprint of newspaper reports of a series of lectures delivered by the author

from the pulpit of Congregation Bnai Jehudah Kansas City Mo during the Fall and Winter of 1885 1886 The lectures were prepared to fulfill the requirements of popular discourses and designed to convey information upon a highly important epoch of the world's history that is almost neglected in English literature The thought of publishing these lectures in book form was utterly foreign to the author throughout their preparation until an urgent solicitation from very many persons both Jews and Gentiles in all parts of this country whose interest in these lectures was aroused by their wide spread republication by the Press made it a duty Goodreads.com Mysterious Black Holes Elena Ioli, 2020-12-23 This little book describes the past present and future of black holes through a funny and engaging story involving Grandpa Louie his two grandchildren and two of their friends During a beautiful sunny day on the beach the children play swim enjoy their time and ask a lot of questions to Grandpa Louie a retired astronomy professor Who better than him to tell all the secrets of black holes to a group of curious children Who discovered them What do black holes mean Are There different types of black holes How does a black hole form What is its fate How did scientists manage to observe these celestial bodies which by definition cannot be seen At the end we also bring up the subject of parallel universes which could exist beyond the horizon of a black hole This book is suitable for children from 6 to 12 years old **Dreams of Subversion in Medieval Jewish Art and Literature**, 1997

Europe's Jewish minority culture was subjected to a barrage of public images proclaiming the dominance of the Christian majority This book is the first to explore the Jewish response to this assault in the development of a visual culture through which Jews could affirmatively construct their identity as a people It demonstrates how medieval Jews gave voice to messages of protest and dreams of subversion by actively appropriating and transforming the quintessential symbols of the dominant culture *The Book of King Solomon*, 2005-08-01 The story of King Solomon as told by his court historian

Divine Scapegoats Andrei A. Orlov, 2015-02-10 Explores the paradoxical symmetry between the divine and demonic in early Jewish mystical texts Divine Scapegoats is a wide ranging exploration of the parallels between the heavenly and the demonic in early Jewish apocalyptic accounts In these materials antagonists often mirror features of angelic figures and even those of the Deity himself an inverse correspondence that implies a belief that the demonic realm is maintained by imitating divine reality Andrei A Orlov examines the sacerdotal messianic and creational aspects of this mimetic imagery focusing primarily on two texts from the Slavonic pseudepigrapha 2 Enoch and the Apocalypse of Abraham These two works are part of a very special cluster of Jewish apocalyptic texts that exhibit features not only of the apocalyptic worldview but also of the symbolic universe of early Jewish mysticism The Yom Kippur ritual in the Apocalypse of Abraham the divine light and darkness of 2 Enoch and the similarity of mimetic motifs to later developments in the Zohar are of particular importance in Orlov's consideration **Cultural Techniques** Bernhard Siegert, 2015-05-01 In a crucial shift within posthumanistic media studies Bernhard Siegert dissolves the concept of media into a network of operations that reproduce displace process and reflect the distinctions fundamental for a given culture Cultural Techniques aims to forget our traditional understanding

of media so as to redefine the concept through something more fundamental than the empiricist study of a medium's individual or collective uses or of its cultural semantics or aesthetics. Rather, Siegart seeks to relocate media and culture on a level where the distinctions between object and performance matter and form human and nonhuman sign and channel the symbolic and the real are still in the process of becoming. The result is to turn ontology into a domain of all that is meant in German by the word *Kultur*. Cultural techniques comprise not only self-referential symbolic practices like reading, writing, counting, or image making. The analysis of artifacts as cultural techniques emphasizes their ontological status as in between, shifting from first-order to second-order techniques from the technical to the artistic from object to sign from the natural to the cultural from the operational to the representational. Cultural Techniques ranges from seafaring, drafting, and eating to the production of the sign, signal, distinction in old and new media to the reproduction of anthropological difference to the study of trompe l'oeils, grids, registers, and doors. Throughout, Siegart addresses fundamental questions of how ontological distinctions can be replaced by chains of operations that process those alleged ontological distinctions within the ontic. Grounding posthumanist theory both historically and technically, this book opens up a crucial dialogue between new German media theory and American postcybernetic discourses.

[The Jesus Papers](#) Michael Baigent, 2009-03-17 In this New York Times bestselling study, the co-author of *Holy Blood, Holy Grail* explores further mysteries surrounding Jesus Christ. What if everything we have been told about the origins of Christianity is a lie? What if a small group had always known the truth and had kept it hidden until now? What if there is evidence that Jesus Christ survived the crucifixion? In *Holy Blood, Holy Grail*, Michael Baigent and his co-authors Henry Lincoln and Richard Leigh stunned the world with a controversial theory that Jesus Christ and Mary Magdalene married and founded a holy bloodline. The book became an international publishing phenomenon and was one of the sources for Dan Brown's novel *The Da Vinci Code*. Now, with two additional decades of research behind him, Baigent's *The Jesus Papers* presents explosive new evidence that challenges everything we know about the life and death of Jesus. Praise for *The Jesus Papers*: An explosive book. *The Today Show*, *Fascinating CNN*, *s American Morning*. *Hispania Vetus* Susana Zapke, 2007

**Hebrew Melodies** Heinrich Heine, 2019 A collection of poetry by 19th-century author Heinrich Heine focusing on a return to a preoccupation with his Jewish roots with new English translations alongside the original German.

[Luxury Arts of the Renaissance](#) Marina Belozerskaya, 2005 *Luxury Arts of the Renaissance* sumptuously illustrates the stunningly beautiful objects that were the most prized artworks of their time, restoring to the mainstream materials and items long dismissed as extravagant trinkets. By re-examining the objects themselves and their uses in their day, Belozerskaya demonstrates how these glittering creations constructed both the world and the taste of the Renaissance elites.

**Art in History/History in Art** David Freedberg, Jan de Vries, 1996-07-11 Historians and art historians provide a critique of existing methodologies and an interdisciplinary inquiry into seventeenth-century Dutch art and culture.

*The Object of Jewish Literature* Barbara E. Mann, 2022-07-26 A history of modern Jewish literature that explores our enduring attachment

to the book as an object With the rise of digital media the death of the book has been widely discussed But the physical object of the book persists Here through the lens of materiality and objects Barbara E Mann tells a history of modern Jewish literature from novels and poetry to graphic novels and artists books Bringing contemporary work on secularism and design in conversation with literary history she offers a new and distinctive frame for understanding how literary genres emerge The long twentieth century a period of tremendous physical upheaval and geographic movement witnessed the production of a multilingual canon of writing by Jewish authors Literature s objecthood is felt not only in the physical qualities of books bindings covers typography illustrations but also through the ways in which materiality itself became a practical foundation for literary expression

*Thy Father's Instruction* Naomi Feuchtwanger-Sarig, 2021-12-06 The Nuremberg Miscellany Germanisches Nationalmuseum N rnberg Bibliothek 8 Hs 7058 Rl 203 is a unique work of scribal art and illumination Its costly parchment leaves are richly adorned and illustrated with multicolour paint and powdered gold It was penned and illustrated in southern Germany probably Swabia in 1589 and is signed by a certain Eliezer b Mordechai the Martyr The Miscellany is a relatively thin manuscript In its present state it holds a total of 46 folios 44 of which are part of the original codex and an additional bifolio that was attached to it immediately or soon after its production The book is a compilation of various Hebrew texts most of which pertain to religious life Others are home liturgies Biblical exegeses comments on rites and customs moralistic texts homiletic and ethical discourses and an extensive collection of home liturgies its major part being dedicated to the life cycle The unparalleled text compilation of the Nuremberg Miscellany on the one hand and the naive untrained illustrations on the other hand are puzzling Its illustrations are hardly mindful of volume depth or perspective and their folk art nature suggests that an unprofessional artist possibly even the scribe himself may have executed them Whoever the illustrator was his vast knowledge of Jewish lore unfolds layer after layer in a most intricate way His sharp eye for detail renders the images he executed a valid representation of contemporary visual culture The iconography of the Nuremberg Miscellany with its 55 decorated leaves featuring 25 text illustrations falls into two main categories biblical themes and depictions of daily life both sacred and mundane While the biblical illustrations rely largely on artistic rendering and interpretation of texts the depictions of daily life are founded mainly on current furnishings and accoutrements in Jewish homes The customs and rituals portrayed in the miscellany attest not only to the local Jewish Minhag but also to the influence and adaptation of local Germanic or Christian rites They thus offer first hand insights to the interrelations between the Jews and their neighbors Examined as historical documents the images in the Nuremberg Miscellany are an invaluable resource for reconstructing Jewish daily life in Ashkenaz in the early modern period In a period from which only scanty relics of Jewish material culture have survived retrieving the pictorial data from images incorporated in literary sources is of vital importance in providing the missing link Corroborated by similar objects from the host society and with descriptions in contemporary Jewish and Christian written sources the household objects as well as the ceremonial implements depicted in the manuscript

can serve as effective mirrors for the material culture of an affluent German Jewish family in the Early Modern period The complete Nuremberg Miscellany is reproduced in the appendix of this book

**People of the Image** Marc Michael Epstein, 2025-06-24 The Middle Ages provide us with one of the richest repositories of art in the West Yet the rise in the production of art made for and by Jews especially in the form of illuminated manuscripts is often neglected in general surveys or viewed as a mere emulation of Christian art during this period In People of the Image Marc Michael Epstein demonstrates how medieval Jews transformed their visual art into a vital site of critical commentary Through bold speculation and radical interpretation Epstein considers how viewers might have empathized with depicted emotions how they envisioned the relationship between the monstrous and the human and how they could effectively perpetrate subversive acts merely by anticipating what might occur next in a given image were it to be set in motion Examining these artworks and

imagining the circumstances of their production and reception Epstein uncovers otherwise inaccessible social political and theological perceptions among Europe's major medieval minority He goes on to illuminate the afterlives of medieval Jewish art in its reimaginings by postmodern Jews struggling to establish a conceptual as well as a political space for themselves as a minority in majority Christian society Bringing together diverse currents from various fields and bodies of literature People of the Image reveals how medieval Jews understood themselves the world and God Provocative and engagingly written the book will appeal to audiences across medieval studies cultural studies art history and Jewish studies American Jewish Year Book 2016 Arnold Dashefsky, Ira M.
