Horrifying Sex Ruth Bienstock Anolik,2007-07-16 The Gothic moment in literary history arose in the age of the Enlightenment and the Gothic fascination with the unknown reflects the Enlightenment's response to the limits of reason Traditionally the emblem of the unknown that lurks in the Gothic is the supernatural the monstrous and the inhuman Often overlooked is the observation that Gothic texts are also haunted by figures that represent the mystery of sexuality This collection of essays sharpens that observation and asserts that Gothic anxieties about sexuality are likewise rooted in fear of the unknown represented by sexual practices and desires that either lie hidden or deviate from cultural norms The first three sections refer to popular as well as marginalized Gothic texts to portray the three prototypes of sexual deviance the female sexual Other in *The Fatal Woman* the male sexual Other in *The Satanic Male* and the homosexual Other in *Homosexual Horror* The fourth section covers literary works that celebrate sexual difference and question the idea that the sexually deviant is socially Other

Contemporary Women's Ghost Stories Gina Wisker,2022-06-02 This book offers new insights on socially and culturally engaged Gothic ghost stories by twentieth century and contemporary female writers including Shirley Jackson Angela Carter Toni Morrison Ali Smith Susan Hill Catherine Lim Kate Mosse Daphne du Maurier Helen Dunmore Michele Roberts and Zheng Cho Through the ghostly body possessions and visitations women's ghost stories expose links between the political and personal genocides and domestic tyrannies providing unceasing reminders of violence and violations Women like ghosts have historically lurked in the background incarcerated in domestic spaces and roles by familial and hereditary norms They have been disenfranchised legally and politically sold on dreams of romance and domesticity Like unquiet spirits that cannot be silenced women's ghost stories speak the unspeakable revealing these contradictions and oppressions Wisker's book demonstrates that in terms of women's ghost stories there is much to point the spectral finger at and much to speak out about

House of Horrors Agnieszka Kotwasińska,2023-06-15 This is a study of tumultuous transformations of kinship and intimate relationships in American horror fiction over the last three decades Twelve contemporary novels by ten women writers and two whose work has been identified as women's fiction are grouped into four main thematic clusters haunted houses monsters vampires and hauntings but it is social scripts and concerns linked directly to intimacy and family life that structure the entire volume By drawing attention to how the most intimate of all social relationships the family supports and replicates social hierarchies exclusions and struggles for dominance the book problematises the source of horror The consideration of horror narratives through the lens of familial intimacies makes it possible to rethink genre boundaries to question the efficacy of certain genre tropes and to consider the contribution of such diverse authors as Kathe Koja Tananarive Due Gwendolyn Kiste Elizabeth Engstrom Sara Gran and Caitlín R Kiernan

Where No Man has Gone Before Lucie Armitt, 2012-11-12 How do women writers use science fiction to challenge assumptions about the genre and its representations of women To what extent is the increasing number of women writing science fiction reformulating the expectations of readers and critics What has been the effect of this phenomenon upon the academic establishment and the publishing industry These are just some of the questions addressed by this collection of original essays by women writers readers and critics of the genre But the undoubted existence of a recent surge of women's interest in science fiction is by no means the full story From Mary Shelley onwards women writers have played a central role in the shaping and reshaping of this genre irrespective of its undeniably patriarchal image Through a combination of essays on the work of writers such as Doris Lessing and Ursula Le Guin with others on still neglected writers such as Katherine Burdick and C L Moore and a wealth of contemporaries including Suzette Elgin Gwyneth Jones Maureen Duffy and Josephine Saxton this anthology takes a step towards redressing the balance Perhaps above all what this collection demonstrates is that science fiction remains as particularly well suited to the exploration of woman as alien or other in our culture today as it was with the publication of *Frankenstein* in 1818

Sisterhoods Deborah Cartmell, 1998-03 Sisterhoods concentrates on portrayals of female relationships communities friends lovers sisters daughters mothers and enemies and examines the positioning of the subject in different media for both male and female consumption
